2. Needle work the way, never you betray,
Life of death becoming clearer.
Pain monopoly, ritual misery,
Chop your breakfast on a mirror.
Taste me, you will see, more is all you need,
Dedicated to how I'm killing you! (To Pre-chorus)
3. Hell is worth all that, natural habitat,
Just a rhyme without a reason.
Never-ending maze, drift on numbered days,
Now your life is out of season.
I will occupy, I will help you die.
I will run through you, now I rule you too! (To Pre-chorus)

Does nothing to me now.

Get used to it somehow.
More a man, more stripes you wear,

The slaughter never ends.

3. Life planned out before my birth,
Nothing could I say.
Had no chance to see myself,
Moulded day by day.
Looking back, I realize,
Nothing have I done.
Left to die with only friend,
Alone I clench my gun.

Play 4 times **Tempo I**

The second system of musical notation continues the piece. It begins with a double bar line and a key signature of one sharp (F#). The melody is written on a bass staff. The first measure is E5, followed by G5, D5, and B5. The first four measures are grouped by a bracket and labeled "Play 4 times". The fifth measure is E5, followed by a measure with a fermata. The sixth measure is A, followed by E5, C5, and a final measure with a fermata. The system ends with a double bar line and a key signature change to one flat (Bb). The bass line is written on a separate staff below the melody. It consists of a series of eighth notes: 0, 0, 0, 0, 0, 3, 3, 3, 3, 3. This is followed by a double bar line and a key signature change to one sharp (F#). The bass line continues with a series of eighth notes: 5, 5, 5, 5, 5, 2, 2, 2, 2, 2. This is followed by a double bar line and a key signature change to one flat (Bb). The bass line continues with a series of eighth notes: 0, 0, 0, 0, 3, (9).

BASS GUITAR TABLATURE EXPLANATION

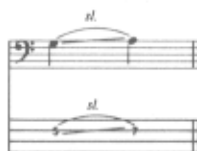

Bass tablature is a four-line staff that graphically represents the bass fingerboard. By placing a number on the appropriate line, the string and fret of any note can be indicated. The number 0 represents an open string. For example:

Definitions for Special Bass Notation (For both traditional and tablature bass lines)

BEND: Strike the note and bend up 1/2 step (one fret).

SLIDE: The first note is struck and then the same finger of the left hand moves up the string to the location of the second note. The second note is not struck.

FRETBOARD TAPPING: Hammer ("tap") onto the fretboard with the index or middle finger of the right hand and pull off to the note fretted by the left hand ("T" indicates "tapped" notes).

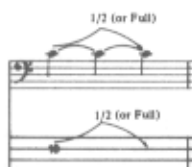

BEND: Strike the note and bend up a whole step (two frets).

SLIDE: Same as above, except the second note is struck.

NATURAL HARMONIC: The left hand lightly touches the string over the fret indicated, then it is struck. A chime-like sound is produced.

LEGATO BEND AND RELEASE: Strike the note. Bend up 1/2 (or whole) step, then release the bend back to the original note. All three notes are tied; only the first note is struck.

SLIDE: Slide up to the note indicated from a few frets below.

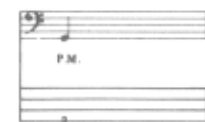

ARTIFICIAL HARMONIC: The note is fretted normally and the harmonic is produced by lightly touching the node point on the string with the edge of the right-hand thumb while simultaneously plucking with the right-hand index or middle finger.

GHOST BEND: Bend the note up 1/2 (or whole) step, then strike it.

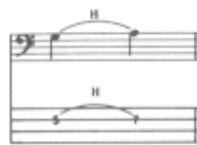

SLIDE: Strike the note and slide up an indefinite number of frets, releasing finger pressure at the end of the slide.

PALM MUTE: If using a pick, the note is partially muted by the right hand lightly touching the string just before the bridge.

GHOST BEND AND RELEASE: Bend the note up 1/2 (or whole) step. Strike it and release the bend back to the original note.

HAMMER-ON: Strike the first (lower) note, then sound the higher note with another finger by fretting it without picking.

MUFFLED STRING: A percussive sound is produced by laying the left hand across the string without depressing it to the fretboard and striking it with the right hand.

VIBRATO: The string is vibrated by rapidly bending and releasing a note with the left hand.

PULL-OFF: Both fingers are initially placed on the notes to be sounded. Strike the first (higher) note, then sound the lower note by pulling the finger off the higher note while keeping the lower note fretted.

SLAP AND POP: Slap (S) the string with the side of the thumb. Pop (P) or snap the string with the index or middle finger by pulling and releasing it so that it rebounds against the fretboard.
